# ABOUT COMPANY

**CV RIDHO JAYA LOGAM** Was established on December 28, 2023 , under the Notaries Deed of **HERLINA, S.H., M.Kn.** of Lebak Regency , under the registration of **AHU-0080673-AH.01.14 Tahun 2023** from the Ministry of Law and Human Rights of Indonesia.

---

This Company was active to fulfill the growing demand for specialized metalwork and high-quality steel structures for the residential and commercial sectors in Indonesia. Our scope of work starts from comprehensive planning, design consultation, precision fabrication, material procurement, and expert on-site installation.

# VISION & MISSION

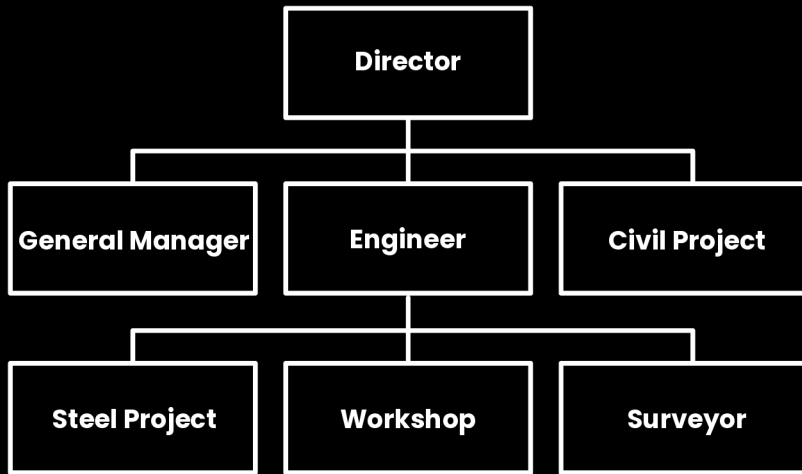

## VISION

To be the leading and most trusted Steel and Construction Contractor in Indonesia, focused on aesthetic innovation, precision engineering, and unparalleled structural integrity for every residential and commercial project.

## MISSION

1. **Uncompromising Quality:** To deliver specialized fabrication and installation services—including modern fences, canopies, teralis, and light gauge steel structures—using the highest standards of materials and craftsmanship.
2. **Integrated Solutions:** To provide comprehensive services ranging from initial design consultation and structural planning to precise on-site execution.
3. **Sustainable Client Satisfaction:** To build long-term relationships with clients through transparent communication, accurate estimations, and guarantees of durable workmanship.

# ORGANIZATIONAL STRUCTURE

# OUR SERVICE

## Modern Fences & Gates

- Description: Elegant, custom-designed gates and fences built with heavy-duty steel to ensure maximum security without compromising your property's aesthetic.

## Light Gauge Steel (Baja Ringan)

- Description: High-quality, anti-rust light steel framing for roof trusses and building structures, ensuring durability and precise installation.

## Premium Canopies

- Description: Custom canopy installations for carports and outdoor spaces, combining robust steel frames with premium roofing materials for all-weather protection.

## Trellis & Stair Railings

- Description: Meticulously fabricated window trellises and stair railings, offering safety features with a sleek, modern, or industrial touch.
